AGENDA ITEM

MEETING OF JANUARY 19, 2012

SUBJECT

Use of outside Legal Counsel.

ATTACHMENTS

None

BACKGROUND & DISCUSSION

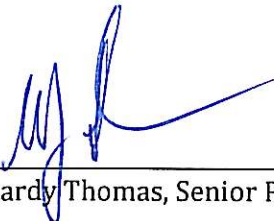

For many years, the Glenn County Transportation Commission used the services of an outside legal counsel. This arrangement, while not without its own controversies and problems, worked well until the outside terminated their services with the Commission at the end of the 2007 calendar year.

In 2008, a request for qualifications was sent out soliciting bids from legal firms in the surrounding area. No responses were received. Since that time, the Glenn County Counsel has served as legal counsel to the Commission by advising on procedural matters, reviewing contracts, and other important agreements.

As the work load of the Glenn County Counsel has increased, staff has deemed it prudent to discuss the possibility of using a contracted legal counsel to meet the needs of the Regional Transit Committee and Transportation Commission.

RECOMMENDATION

Discussion only.
